# Connect your PS4

- Connect your **PlayStation4** to the TV.
- Turn it on.
- Scroll over to the settings and press **X** to select the **Toolbox icon**.
- Scroll down and select **Network** in the options.
- Select the **Set up Internet Connection** option in this menu.
- Choose the **Use WiFi** option on the screen.
- Select the **Easy** option. You can do custom if you know the details but the easy option is, well, easier.
- Select the WiFi name of your hotel WiFi. This can usually be found on the package that holds your guest room keys.
- After the PlayStation has gone through the motions it will show the Internet settings have been saved. From here select the **Test Internet Connection** button.
- When the Internet connection says failed, don't panic! Select the **Details** option to fix it.
- Select the **Suggested Actions** button to move forward.
- Now you should select the **View Status of the PlayStation Network Services** button to access a web browser window.
- It may tell you that the security of the page cannot be verified. If it does, select **Yes** to move on to the next page.
- You will now see a browser window with the sign-in for the hotel. Just input **The Details** it asks of you and press **Connect**.
- Once that has connected press the **Back Button** twice to get back to the network screen.
- Scroll down and select **Test Internet Connection** to re-check if what you did, worked.
- If everything worked as it should, this screen will show successful all across the board.

# Connect your Xbox

- Connect your **Xbox** to the TV.
- Go to your **Settings** and select **Set up a Wireless Network**
- Choose **Inn on Prince Guest** from the list
- Allow it to load and when the option comes up, choose **Authenticate Now**.
- Follow any additional instructions that come up
- When the web page opens choose the **Access Code** option and enter the WiFi password provided at check in (on your key card envelope)
- Happy Gaming!
